MARTLET KAYAK CLUB (MKC) SAFEGUARDING CHILDREN POLICY STATEMENT

(Update 8th March 2023)

Safeguarding children is the action that is taken to promote the welfare of children and protect them from harm. (NSPCC 2022)

MKC recognises the need to promote the welfare and interests of children in all circumstances. This policy aims to ensure that inclusive of age, ability or disability, gender reassignment, marriage/civil partnership, pregnancy/maternity, race, religion or belief, sex or sexual orientation.

ALL children are able take part in paddlesports safely and are protected from ANY form of bullying, harassment, discrimination and abuse.

Safeguarding is a collective responsibility. Everybody involved in paddlesports has a duty of care to safeguard and protect children, both inside and outside our sport. MKC has Welfare Officers, policies and procedures in place to underpin this. Safeguarding training is mandatory for anyone working with children and MKC will ensure that all those working or volunteering in regulated activity have access to appropriate learning opportunities to recognise, identify and respond to signs of abuse, neglect and other safeguarding concerns relating to children and young people.

Policies and procedures relating to safeguarding will be widely promoted and are mandatory for everyone involved in paddlesports. Failure to comply with these policy and procedures will be addressed without delay and may ultimately result in dismissal or exclusion from the organisation.

We will respond effectively to any safeguarding concerns transparently, consistently and fairly. We are committed to ensuring compliance with dynamic statutory frameworks, government guidance, codes of conduct and best practise and will manage any breach of these in line with our MKC Safeguarding Procedure where applicable. We acknowledge that some children can be particularly vulnerable to abuse and we will take reasonable and appropriate steps to protect their welfare, ensuring that everyone has a positive, enjoyable experience in our sport in a safe and inclusive environment.

Any evidence of harm or abuse? Bruises - what size, location, colour? (Don't take photos of the child or ask to see bruises in places usually covered by clothes) Has the child got evidence on their devices or at home? Advise them to keep it and not destroy/delete it.

How was it responded to? What did you say/do? Did you ring anyone such as a parent or CWO or NSPCC? What advice were you given? How did you make sure the child was safe when they left you? What advice or support did you give them?

Who was it reported to? Did you report to the CWO and have you informed the BC Safeguarding Team? Did you refer to statutory agencies or signpost for support?

Remember - your report may be required as part of legal/disciplinary procedures. In all recording, proper consideration must be given to the requirements of current data protection legislation.

REMEMBER – it is not your responsibility to investigate allegations or to decide whether abuse has taken place. It is your responsibility to pass the information on to the appropriate person. Even if you feel the concern is LOW LEVEL please REPORT IT. Small pieces of information can help to create a big picture.

IF IN DOUBT – PASS IT ON

POSSIBLE SIGNS OF ABUSE

Below are signs that the NSPCC have highlighted that may indicate something concerning happening in a child's life:

- being afraid of particular places or making excuses to avoid particular people
- knowing about or being involved in 'adult issues' which are inappropriate for their age or stage of development, for example alcohol, drugs and/or sexual behaviour
- having angry outbursts or behaving aggressively towards others
- becoming withdrawn or appearing anxious, clingy or depressed
- self-harming or having thoughts about suicide
- showing changes in eating habits or developing eating disorders ☹ regularly experiencing nightmares or sleep problems
- regularly wetting the bed or soiling their clothes ☹ running away or regularly going missing from home or care
- not receiving adequate medical attention after injuries These are only indications, there may be other explanations and children may have learned to hide their signs of abuse and harm.

TYPES OF ABUSE

The NSPCC (2022) identifies a number of types of abuse that may affect children, including: bullying and cyberbullying, child sexual exploitation (CSE), child trafficking, criminal exploitation and gangs, domestic abuse, emotional abuse, female genital mutilation (FGM), grooming, neglect, non-recent abuse, online abuse, physical abuse, sexual abuse. Some of these are expanded below:

EMOTIONAL ABUSE - threats of harm or abandonment, humiliation, controlling, intimidation. This could include a parent or coach ridiculing or punishing a child for not achieving or performing well or using threats, aggressive/inappropriate language as an attempt to motivate them.

EXPLOITATION (CSE and CRIMINAL) – by individuals or by criminal gangs and organised crime groups; trafficking; online abuse; sexual exploitation, county lines, and the influences of extremism leading to radicalisation. A young person may start missing coaching sessions or competitions, they may have money/possessions they didn't previously. They may gain new ideologies/beliefs or may start to get into trouble with parent or at school or with the Police.

GROOMING - Children and young people can be groomed online or in the real world, by a stranger or by someone they know. Attempts to befriend and isolate young people in order to exploit them. Gaining their trust and building a relationship for ulterior motives, sexual or criminal.

NEGLECT - the persistent failure to meet a child's basic physical and/or emotional/psychological needs. It may involve a parent/carer failing to provide adequate food, clothing and shelter, failing to protect a child from physical/emotional harm/danger (forcing a child to train when injured or in adverse/unsafe conditions). **SEXUAL ABUSE** - can be contact offences such as rape and sexual assault. Or non-contact offences such as grooming, forcing or encouraging children to watch sexual content, or filming children in sexual content. Sexual abuse can be perpetrated by males and females and by adults and other children.

SEXTING - when someone sends or receives a sexually explicit text, image or video. This includes a child (under 18) taking the images of themselves or forwarding images to others. Sending explicit material can be a sign of serious crimes such as grooming and sexual exploitation. Sending, receiving, or possession of ANY indecent images of children under the age of 18 is an offence.

DOMESTIC ABUSE - Can include all the different types of abuse, emotional, sexual, financial and physical and is prevalent across the 16-19 age group.

PHYSICAL ABUSE - for example hitting, pushing, punching, shaking or strangling. There may be signs of harm, such as bruises or marks that can't easily be explained or there is no consistent explanation. A child may also show fear/dislike of a coach or parent, where a positive relationship could be assumed.
